

## **AMERI100 SELECTED TO ENABLE INTELLIGENT ENTERPRISE FOR THE DEPLOYMENT OF SAP S/4HANA PRIVATE CLOUD**

Suwanee, GA, June 28, 2018 -- AMERI Holdings, Inc. (NASDAQ: AMRH) (“Ameri100” or the “Company”), a specialized SAP® cloud, digital and enterprise services company, today announced that it has been selected by a leading India-based commodities trader as its strategic partner to migrate its legacy IT infrastructure to SAP S/4HANA private cloud. The trading company currently handles two million metric tons of commodities annually and expects volume to double annually. With this kind of growth, it was critical to transform to an intelligent enterprise and select a partner who has the depth and breadth of knowledge to design a highly scalable infrastructure and domain expertise that would integrate all the core ERP modules to deliver a modern solution and a positive customer experience.

“Digital transformation is fundamentally about enabling enterprises to quickly innovate on top of their core competencies, and as adoption of SAP S/4HANA gains momentum with enterprises as a means of transforming their legacy IT to support their growth goals and drive business innovation, our deep technical and implementation expertise ensures alignment with SAP’s best practices to mitigate deployment risk and increase time-to-ROI for the enterprise. Given our capabilities and solutions, we are very well positioned to benefit from strong and growing adoption of SAP S/4HANA,” said Brent Kelton, Chief Executive Officer of Ameri100.
